37.	CORRUPT OR FRAUDULENT PRACTICES
	<p>37.1 The Tenderers shall observe the highest standard of ethics during tender evaluation and supply of school bags. In order to eliminate irregularities, interference and corrupt practices in tender process by providing transparency in such matters, the Corporation defines the following terms:</p> <p>37.1.1 'Corrupt practice' means offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the evaluation process or in contract execution.</p> <p>37.1.2 'Fraudulent practices' mean a misrepresentation of facts in order to influence the evaluation process or execution of a contract / supply to the detriment of the Corporation and includes collusive practice among tenderers (prior to or after Tender submission) designed to establish bid prices at artificial, non-competitive levels and to deprive the Corporation of the benefits of free and open competition.</p> <p>37.2 The Corporation will reject a tender if it decides that the Tenderer recommended for the award has engaged in corrupt or fraudulent practices in competing for the tender.</p> <p>37.3 The Corporation will declare a tenderer ineligible either indefinitely or for a stated period of time to be awarded a contract, if it any time determines that the tenderer has engaged in corrupt and fraudulent practices in competing for the tender or in executing the contract.</p>
38.	TERMINATION OF CONTRACT
	<p>38.1 The Corporation reserves the right to terminate the contract at any time during the validity period on account of non-fulfilment of contract or any of the reasons.</p> <p>38.2 Termination for Default:</p> <p>38.2.1 If the delay continues beyond 50% of the original supply period, the contract is</p>

	liable to be terminated at the discretion of the Corporation.
38.2.2	If the Successful Tenderer is found to have involved in fraudulent, corrupt and unfair practices in competing for or in executing the Contract;
38.2.3	If the Corporation terminates the Contract in whole or in part, the Corporation may procure, upon such terms and in such manner as it deems appropriate, the school bags similar to those supplied and delivered and in that case, the Successful Tenderer whose contract is terminated in whole or in part shall be liable to the Corporation for any additional costs involved in procuring and supplying the school bags to the designated destinations. However, the Successful Tenderer shall continue the performance of the Contract to the extent not terminated. The Corporation reserves the right to take further action against the Successful Tenderer whose Contract has been terminated in whole or in part.
38.3	Termination for Insolvency:
38.3.1	The Corporation may at any time terminate the Contract by giving 15 days' written notice to the Successful Tenderer without compensation to the Successful Tenderer and without incurring any liability if the Successful Tenderer becomes bankrupt or otherwise insolvent. Such termination shall not prejudice or affect any right of action or remedy that has accrued or will accrue thereafter to the Corporation.
38.4	Termination for Convenience:
38.4.1	The Corporation may terminate the Contract in whole or in part at any time during the validity period of the Contract for its convenience by giving 15 days' written notice and without compensation to the Successful Tenderer. The notice of termination shall specify that termination is for the Corporation's convenience, the extent to which the Contract is terminated, and the date upon which such termination becomes effective. The termination of the contract is without prejudice to the penal consequences and damages for which the Successful Tenderer shall be liable for violation of the Contractual obligations.
39.	BLACKLISTING
39.1	If the tenderer has submitted forged documents in this tender or if any information provided by the tenderer is found to be false/fictitious in any tender of the Government, the tenderer will be blacklisted for a period of 5 years.
39.2	If the successful tenderer fails to execute the Agreement or fails to remit the security deposit within the specified time limit, the Corporation will blacklist the

tenderer for a maximum period of 3 years in addition to forfeiture of EMD.	
39.3	In the event of non-performance of the contractual provisions or failure to effect the supply within the stipulated time or during the extended period, and if it is found that the contractor has not fulfilled the contractual obligation with the Corporation in any manner during the currency of the contract or also found on later date, the Corporation reserves the right to disqualify such successful tenderer to participate in future tenders or blacklist the tenderer up to a maximum period of 5 years.
39.4	Termination / full or partial cancellation of the supply of school bags to the Corporation will entail blacklisting of the Supplier for a maximum period of 5 years.
39.5	If more than 10 samples / 10% of the ordered quantity (whichever is higher) fail in the tests, in addition to imposing penalty, the Supplier will be blacklisted for the forthcoming 1 (one) year.
39.6	If the successful tenderer is found to have involved in fraudulent, corrupt and unfair practices in competing for or in executing the contract the Corporation will blacklist the tenderer for a period of 5 years.
39.7	The Corporation shall have the right to blacklist the Suppliers who are levied liquidated damages as per Clause 36, for a period of 5 years.

TESTING PROCEDURES

Visual Inspection

Scope

The inspection is to verify the conformity of the school bags in terms of colour, dimensions, aesthetics, workmanship etc.

Visual Inspection shall include the following

1. All the stitches should be minimum 8 stitches / inch.
2. The dimensions of the bags should match specifications of school bags provided in Annexure I-B.
3. The joints should have been double and triangle stitched wherever needed and especially, in top handle and shoulder strip, to have better strength.
4. Second compartment should have been provided adjacent to the Front Pocket.
5. Thread used should be Spun Polyester TKT 30.
6. Water bottle pocket should be made from knitted PET fabric.
7. Polyester zip with putty 20.0 gms per meter grade should have been used.
8. Adjustable strip should have been stitched along the centre bottom.
9. Zipper (Runner): Two Runners should have been provided on each compartment of the School Bag.
10. The shoulder reinforcement strap should have been attached on top of second compartment (at the Beading area) of the School Bag.
11. The excess portion of the trimmed material adjacent to the stitches inside the bag should have been covered with polypropylene knitted fabric material.

Procedure for Static load bearing capacity of the bag

Scope

This test is to determine the strength of top handle attachment where the bag is lifted when loaded.

Principle

The bag is loaded with defined mass distributed as evenly as possible. It is lifted using handle for a period of one hour and set down. Any damage occurred will be assessed visually.

Apparatus and materials

1. A suitable material to load the bag so that the load is spread out as possible
2. Weighing scale for measuring the load up to 50 kg to an accuracy of 0.1 kg.
3. A suitable hook to hang the bag.
4. A stop watch for measuring time in seconds
5. A steel rule for measuring the height of the loaded sample capable of measuring 1.0 meter.

Procedure

- (a) Place the bag in the Balance
- (b) Insert materials (filling materials like books, water bottle etc.) into the bag until the maximum mass for the respective Category (**CATEGORY I - 10 KG, CATEGORY II - 15, CATEGORY III - 20 KG**)
- (c) Ensure that the load is placed as evenly as possible.
- (d) Close and fully fasten the bag.
- (e) Gently raise the bag approximately 50 cm from the floor and maintain it in the raised position for a period of one hour as measured by the stop clock.
- (f) Gently lower the bag to the floor and assess any damage occurred in the bag.

Procedure for Shoulder strap joint pulling strength (Top back strap)

Scope

This test is performed to determine the shoulder strap strength of the school bag.

Principle

The Top Shoulder strap of the bag is gradually stretched by the tensile testing machine until failure occurs. The force required until failure of the top shoulder strap of the bag is measured.

Apparatus and materials

1. Universal tensile testing machine with load cell capacity of approximate 2 KN will be used with an accuracy $\pm 2\%$ for measuring force.
2. Jaw separation rate set at 100 ± 10 mm/minute
3. Cutting knife or other suitable material

Preparation of test specimen

Using the cutting knife cut the shoulder strap with complete reinforcement area and also sufficient non-reinforcement area to allow the sample to be clamped without clamping the reinforced area.

Procedure

- (a) Clamp the top shoulder strap of the bag in upper jaw of the universal tensile testing machine and the non-reinforcement area of the bag in the bottom jaw such that jaws separate, when the shoulder strap of bag is stretched.
- (b) Operate the testing machine so that the jaws separate at a speed of 100 ± 10 mm/minute until failure of the shoulder strap occurs.
- (c) Record the maximum force to the nearest 0.1 kg at which failure occurs.

Procedure for Attachment strength of adjustable belt and buckle (Bottom belt) of the bag

Scope

This test is to determine the attachment strength of buckle and adjustable belt (bottom belt) of the school bag.

Principle

A test specimen containing a buckle and adjustable strap is gradually stretched by a tensile testing machine until failure occurs. The force required until failure of buckle or adjustable belt of the bag is measured.

Apparatus and materials

1. Universal tensile testing machine with load cell capacity of approximate 2 KN will be used with an $\pm 2\%$ accuracy for measuring force.
2. Jaw separation rate set at 100 ± 10 mm/minute
3. Cutting knife or other suitable material

Preparation of test specimen

Using the cutting knife cut the fastening strap of the buckle with complete reinforcement area and adjustable strap belt.

Procedure

- (a) Clamp the middle of shoulder strap in upper jaw of the universal tensile testing machine and clamp the fastened buckle with adjustable belt with complete non-reinforcement area in the bottom jaw such that jaws separate when the strap and fastened buckle are stretched.
- (b) Operate the testing machine so that the jaw separate at a speed of 100 ± 10 mm/minute until failure occurs in either buckle or adjustable strap.
- (c) Record the maximum force to the nearest 0.1kg at which the failure occurs.

Procedure for Top Handle attachment strength of the bag

Scope

This test is to determine the strength of external and internal load bearing of the handle of the bag.

Principle

Bag handle is gradually stretched by the tensile testing machine until failure occurs. The force required until failure of the top handle attachment of the bag occurrence is measured.

Apparatus and materials

1. Universal tensile testing machine with load cell capacity of approximate 2 KN will be used with an $\pm 2\%$ accuracy for measuring force.
2. Jaw separation rate set at 100 ± 10 mm/minute
3. Cutting knife or other suitable material

Preparation of test specimen

Using the cutting knife cut the bag's top handle with complete reinforcement area and also sufficient non-reinforcement area to allow the sample to be clamped without clamping the reinforced area.

Procedure

- (a) Clamp the top handle of the bag in upper jaw of the universal tensile testing machine and the non-reinforcement area of the bag in the bottom jaw such that jaws separate when the top handle of bag will be stretched.
- (b) Operate the testing machine so that the jaw separate at a speed of 100 ± 10 mm/minute until failure of the handle.
- (c) Record the maximum force to the nearest 0.1 kg at which the failure occurs.

Procedure for testing Zip fasteners of the bag (ISO 10734 : 2016)

Scope

This test is to determine the strength of Zip fastener, runner handle (puller) and Runner (slider) of the bag.

Principle

The zip runner handle (puller) is gradually stretched by the tensile testing machine until failure occurs. The force required until occurrence of failure of either the zip fastener or runner handle or slider head is measured.

Apparatus and materials

1. Universal tensile testing machine with load cell capacity of approximate 2KN will use with an $\pm 2\%$ accuracy for measuring force.
2. Jaw separation rate set at 100 ± 10 mm/minute
3. Cutting knife or other suitable material

Preparation of test specimen

Using the cutting knife, cut the bag's zip fastener and runner handle with head and also sufficient area to allow the sample to be clamped without clamping the zip fastener.

Procedure

- (a) Clamp the zip runner handle in upper jaw of the universal tensile testing machine and the non-reinforcement area of the zip fastener in the bottom jaw such that jaws separate when the zip runner handle will be stretched.
- (b) Operate the testing machine so that the jaw separate at a speed of 100 ± 10 mm/minute until failure of the zip or puller handle or slider head.
- (c) Record the maximum force to the nearest 0.1 kg at which the failure occurs.

Procedure for testing resistance to repeated opening and closing of Zip fasteners of the bag (ISO 10751 : 2016)

Scope

This test is intended to determine the resistance of Zip slide fastener to repeated opening and closing. The method is applicable to all types of slide fastener with a teeth length greater than 80 mm.

- | | | | |
|---|----------|---|-------------|
| 1 | top stop | 4 | puller |
| 2 | Teeth | 5 | tape |
| 3 | Slider | 6 | bottom stop |

Principle

The slide fastener secures two flexible materials consisting of interlockable teeth with a movable slider that interlocks the teeth of both sides. The zip runner handle is repeatedly moved in an up and down motion to engage or disengage the teeth of zip fastener. The number of cycles (up and down motion) until the failure occurs is measured.

Apparatus and materials

1. The sample is secured in a testing apparatus with allows to secure the two tapes of the zip fastener.
2. The up and down motion of zip fastener is set to 2,000 cycles at testing apparatus
3. Cutting knife or other suitable material

Preparation of test specimen

Using the cutting knife, cut the bag's zip fastener and runner handle (puller) with slider head and also sufficient area of the tape area to allow the sample to be clamped without clamping the zip fastener.

Procedure

- (a) Clamp the tape ends of the zip fastener to the testing apparatus without contacting the teeth.
- (b) Operate the apparatus so that the zip slider handle is moved in a repeatedly up and down motion for up to 2,000 cycles.
- (c) Record the maximum number of cycles at which the failure of the zip or puller handle or slider head occurs.

Procedure for testing colour fastness of the bag material (ISO 20433:2012)

Scope

This test is for determining the amount of colour transferred from the surface of coloured leather to other surfaces by rubbing with a white cotton cloth. Two tests are carried out, one with a dry rubbing cloth and one with a wet rubbing cloth.

Principle

Specimens are rubbed with a dry or wet rubbing cloth attached to a cylindrical finger that is moved to and fro under controlled conditions. Colour transferred to the white rubbing cloth is assessed with the grey scale for staining.

Apparatus and materials

1. Suitable test device, for determining the colour fastness to crocking shall have a rubbing finger consisting of a cylinder of $16 \text{ mm} \pm 0,1 \text{ mm}$ diameter which is driven to carry out a linear reciprocating motion along a $100 \text{ mm} \pm 5 \text{ mm}$ track on the specimen, exerting a downward force of $9 \pm 0.2 \text{ N}$.
2. White cotton rubbing cloth, desized, bleached, without finish, complying with ISO 105-F09 is cut into squares measuring approximately $50 \text{ mm} \times 50 \text{ mm}$, for the rubbing finger
3. Grey scale for assessing staining, complying with ISO 105-A03.
4. Spectrophotometer or colorimeter for assessing staining, complying with ISO 105-A04.
5. Two Test specimens, each measuring not less than $140 \text{ mm} \times 50 \text{ mm}$, are required. One specimen is required for dry rubbing and the other for wet rubbing.

Procedure

- a) Fasten each test specimen securely to the baseboard of the test device so that the surface to be tested is uppermost and the long direction of the specimen follows the track of the device.
- b) Dry rubbing: Fix the dry rubbing cloth in place over the end of the cylindrical finger of the test device. At a rate of one turn per second, complete 10 turns of the crank to slide the rubbing finger to and fro (10 times to and 10 times fro) in a straight line along a track 100 mm long on a dry specimen, exerting a downward force of 9 N. After rubbing, remove the cloth.
- c) Wet rubbing: Prepare a wet rubbing cloth by weighing a conditioned piece of cloth, thoroughly wetting it out in distilled water, squeezing or wringing it, then reweighing it until the water pick-up is $100 \% \pm 5 \%$. Follow the directions for rubbing given above. After rubbing, remove the cloth and dry it at room temperature.

Evaluation

- a) Remove dust and fibrous matter retained on the surface of both cotton rubbing cloths by light brushing or by careful use of the sticky side of clear adhesive tape. Consider only the coloration due to staining by the dye.
- b) According to ISO 105-A01, visually assess the staining of the rubbing cloths using the grey scale for staining in accordance with ISO 105-A03
- c) Alternatively, provided the staining on the rubbing cloth is even, the grey scale colour difference can be assessed instrumentally in a Spectrometer in accordance with ISO 105-A04.

Procedure for testing Seam strength (ISO 17697 : 2016)

Scope

This test determines the breaking strength of seams of stitched bag material, in order to assess the suitability for the end use.

Apparatus and material

The following apparatus and material shall be used.

1. Universal Tensile testing machine, with a jaw separation rate of (100 ± 10) mm/min, a force range up to 2 kN, to an accuracy greater than 2 %
2. Small sharp hand knife or scissors, for cutting test specimens.
3. If made up seams are to be tested, a press knife capable of cutting test specimens, (50 ± 2) mm \times (50 ± 2) mm, is useful.

Preparation of test specimen

Test specimens are cut from school bag. Where possible, use the knife to cut two rectangular test specimens of dimensions (90 ± 10) mm \times (50 ± 2) mm, including any lining materials, such that the seam is approximately mid-way between the two ends of the test specimen

Procedure

- (a) Clamp the one end of the specimen in upper jaw of the universal tensile testing machine, and the other end in the bottom jaw with the seam portion in the middle, such that jaws separate when the specimen will be stretched.
- (b) Operate the testing machine so that the jaw separate at a speed of 100 ± 10 mm/minute until failure of the seams.
- (c) Record the maximum force to the nearest 0.1 kg at which the failure occurs.

LETTER OF THE TENDERER

To
The Managing Director
Tamil Nadu Textbook and Educational Services Corporation,
EVK SAMPATH MAALIGAI, D.P.I. Campus, 68, College Road,
Chennai-600 006. Tamil Nadu.

Sir,

I / We do hereby tender / offer to the Tamil Nadu Textbook and Educational Services Corporation for the “**Supply and delivery of School Bags**” conforming to the technical specifications and to the conditions stated in the annexed contract and specification and drawings attached here to.

I / We have carefully understood the conditions of tender, details of the materials to be supplied and the specifications and drawings with all the stipulations to which I / We agree to comply.

I / We hereby undertake to complete the delivery of school bags at the designated places mentioned in the contract, within the time limit as specified by the Corporation.

I am / We are quite aware that quality of the materials and time of delivery are the essence of this contract and accordingly, I / we would adhere to the same.

I / We further agree that I / We would not withdraw this tender either in full or in part. If by chance, I / we have to withdraw the offer, I / we agree that the EMD paid will be forfeited by the Corporation, without any notice to me / us.

I / We affirm that in any previous tender to the Tamil Nadu Textbook and Educational Services Corporation, I / we have not committed any fraud by furnishing wrong information and the Corporation had not written to us alleging fraud in our transaction with the Corporation.

I / We further confirm that in case, any of the information noted above is found to be incorrect, I / We will be liable for any action under the terms of the tender / contract including termination of the contract and forfeiture of the Earnest Money / Security Deposit.

I / We hereby undertake and agree to pay the Security Deposit as per the tender conditions within seven days from the date of issue of Letter of Acceptance.

I / We undertake to sign the contract with the Corporation within seven days from the date of issue of Letter of Acceptance.

I / We further agree that the acceptance of the tender conditions would, by itself, constitute a valid and concluded contract binding on me/us, even if separate contract is not signed.

I / We further agree that in the event of my/our failing to deposit securities mentioned above or to produce the latest income tax and GST clearance certificate or to execute the Contract within the period of seven days as referred to above, the sum of **Rs. 30.00 Lakhs (Rupees Thirty Lakhs Only)** deposited with the tender shall be forfeited by the Tamil Nadu Textbook and Educational Services Corporation and in addition, the Managing Director, Tamil Nadu Textbook and Educational Services Corporation, shall be entitled to cancel the contract and there upon arrange for any other person or persons to supply the materials herein before mentioned and I / We agree to be liable for all damages, losses, charges and expenses arising from or by reason of such failure on our part.

I / We hereby further agree and undertake that:

- a. In case, there is any defect found in the school bag or in any part of the school bag delivered, we undertake to replace the same by a new one.
- b. If the school bag delivered is found to have even the slightest damage, due to any reason like in the process of transportation, the material should be replaced by a new one.

I / We hereby declare that I / We agree to do the various acts, deeds and things referred to herein, for enabling the Corporation to procure **the School Bag conforming to specifications.**

Having fully understood the tender conditions and the above undertaking in this letter, I / we sign this _____ Day of _____ at _____.

Yours faithfully,

Sir,

Sub : Tender for Selection of Manufacturer for supply and delivery of School bags to the School Children in Tamil Nadu - Submission of Technical Proposal (Part-A) - Reg

Ref : Your Tender Notice _____ Dt. _____

With reference to your tender notice, we submit herewith our sealed Tender for Selection of Manufacturer for supply and delivery of School bags to the School Children in Tamil Nadu as specified in this tender document.

We enclose the following documents:

- 1) Tender conditions duly signed in each page and enclosed in token of accepting the Tender conditions
- 2) DD/Banker's Cheque No. _____ for ₹ 30,00,000/- (Rupees Thirty Lakhs only), towards **Earnest Money Deposit**
- 3) DD/Banker's Cheque No. _____ for ₹ 11,800/- (Rupees Eleven Thousand Eight Hundred only), towards **Bid Processing Fees** (non-refundable)

- 4) Authorization letter from the tenderer for the person to sign the tender
 - 5) Details of the Tenderer (as per Annexure-IV)
 - 6) Address proof document for having local office in Chennai
 - 7) Samples submission form (as per Annexure-V)
 - 8) The copy of certificate of incorporation/registration and copy of Memorandum and Articles of Association in case of Private / Public Limited Companies
 - 9) Copy of LLP registration or registered partnership deed in case of Partnership Firm
 - 10) Copy of GST Registration certificate
 - 11) GST Return copies for the last 3 consecutive financial years i.e. 2019-2020, 2020-2021 and 2021-2022. If annual GST return has not been filed, GSTR1/GSTR4 in support of GST sales shall be furnished.
 - 12) Certificate of average annual turnover duly certified by a Chartered Accountant with UDIN (as per Annexure - VI) in Original.
 - 13) Annual Report / certified copies of Balance Sheet, Profit & Loss statement for the last 3 consecutive financial years i.e. 2018-2019, 2019-2020 and 2020-2021 (or) 2019-2020, 2020-2021 and 2021-2022.
 - 14) IT Return copies for the last 3 financial years.
 - 15) Copies of Purchase Orders and Completion Certificates in support of the following:
 - 3 years of experience in the manufacture of school bags
 - Supply of 5% of tendered quantity of school bags per annum to any organisation in any one of the last 3 financial years 2019-2020, 2020-2021, 2021-2022 (as per Annexure VII-A)
 - 16) Chartered Accountant certificate for quantity supplied in any one of the last 3 financial years (as per Annexure VII-B).
 - 17) Chartered Engineer's Certificate for infrastructure and production capacity of tenderer's manufacturing unit(s) (as per Annexure-VIII) in Original
 - 18) Bank's certificate (on Bank's letterhead) for availability of credit facility or own funds and that the tenderer's account is not an NPA (as per Annexure-IX)
 - 19) Net worth certified by Chartered Accountant along with UDIN (as per Annexure-X)

(v)	Cumulative quantity despatched	_____ no. of Small bags _____ no. of Medium bags _____ no. of Large bags

- (c) The Corporation reserves its right to physically verify the correctness of the particulars furnished by the tenderer. Any discrepancy will lead to reduction of allotted quantity.

13. PRE-DESPATCH INSPECTION

- (a) Regular inspection and in-house tests shall be conducted on the compliance of specifications and quality parameters of the bags while being manufactured at the premises of the Supplier's manufacturing units by in-house QC personnel.
- (b) 10 samples from a lot of 10,000 School bags of each size (i.e.) Small, Medium and Large sizes shall be taken at random by the QC personnel of the manufacturing unit and out of which, one sample will be subjected to the in-house Lab Test at the premises of the Supplier's manufacturing unit. If the sample fails in the tests, the entire lot of 10,000 bags has to be separated and moved out of the premises.
- (c) The Supplier is required to maintain proper record of all the in-house tests and shall submit weekly test record on every Monday before 3 PM by email to the Corporation, starting from the date of commencement of regular production.
- (d) The QC cleared bags are to be packed in non-hazardous pouches of appropriate size and 32 such bags shall be packed in a corrugated box with sufficient buffer to avoid any damage during transit.

14. POST-DELIVERY TESTING

- (a) It shall be the responsibility of the Supplier to ensure that the School bags are delivered in good condition complying with the specifications and quality parameters as mentioned in Annexure I-A, I-B and I-C.
- (b) Post-delivery testing of the bags will be carried out educational district wise for each size (Small, Medium and Large) of the bag.
- (c) One sample for every 7,000 bags and/or part thereof for each size of the bag delivered at BEO/DEO offices of an education district, shall be drawn randomly by the officials of the educational department and sent to the

Corporation in a sealed cover/box. The Corporation will send the sample to a Government approved/NABL accredited testing laboratory for testing.

- (d) If the sample fails in the tests, the entire quantity of 7,000 bags and/or part thereof attributable to the failed sample will be rejected. The Supplier has to make fresh supply equivalent to the rejected quantity without any additional cost. Further, a penalty of 10% of the value of rejected quantity will also be levied by the Corporation. The rejected school bags will be withheld and returned to the Supplier only after completing the entire ordered quantity.
- (e) If the fresh supply for the rejected quantity of 7,000 bags and/or part thereof is delivered beyond 120 days, the rejected quantity will not be returned to the Supplier.
- (f) If more than 10 samples / 10% of the ordered quantity (whichever is higher) fail in the tests, in addition to imposing penalty, the Supplier will be blacklisted for the forthcoming 1 (one) year.
- (g) The charges including the testing charges, freight charges, travelling expenses and other incidental expenses shall be borne by the Supplier.

15. PACKING AND LABELLING

- (a) Each School bag shall be packed in a non-hazardous pouch of appropriate size.
- (b) 32 bags packed in non-hazardous pouches shall be placed in a corrugated box with sufficient buffer to avoid any damage during transit. The corrugated box shall be made from Kraft paper of 150 GSM, 5 Ply and Burst Factor of 14. The dimensions of corrugated boxes shall be as follows:

Size/Dimensions	Length in mm	Breadth in mm	Height in mm
Small	635	395	395
Medium	700	435	420
Large	775	470	445

- (c) Each corrugated box shall be labelled and the label shall contain the following: NOT FOR SALE, SCHEME OF SUPPLY OF COST-FREE SCHOOL BAG TO SCHOOL CHILDREN by the Department of School Education, Government of Tamil Nadu, Supplier code no., District code, Block code, Serial number, Box number, Date, Month and Year of manufacturing of the School bag, Size and quantity of bags. The Corporation will provide the format of the label at the time of Purchase Order.

16. INSURANCE

The delivery of the quality tested school bags in fully packed and labelled condition as per the statutory norms and the specifications given in the Tender Document to the designated delivery points in time shall be the responsibility

of the Supplier. The transit loss / theft / pilferage / damage of the school bags under any circumstance shall be the liability of the Supplier. Insurance and transit insurance of the school bags shall be the liability of the Supplier.

17. WARRANTY & AFTER SALES SERVICE

The warranty of the School bag supplied by the Supplier shall be for a period of six months from the date of distribution of the same to the school children in each block in each District in Tamil Nadu. The Supplier shall replace the defective bags with new ones at his cost at the designated points during the period of Warranty.

Defective bags, if any, indicated in the feedback form obtained from beneficiary students through the respective DEOs / BEOs shall be replaced with new bags at the designated delivery points at his cost.

18. PAYMENT TERMS

- (a) No advance payment is permissible.
- (b) Payment will be processed after satisfactory delivery of entire quantity of bags to the designated delivery points at the BEO/DEO in a district.
- (c) The delivery reports along with delivery challans signed by the concerned Block Educational Officers / District Educational Officers with acknowledgement duly affixed with proper seal are to be submitted to the Corporation.
- (d) Based on the acknowledgements issued by the Block Educational Officers / District Educational Officers, the bills will be admitted and processed. 80% of the bill value will be paid ordinarily in 30 days after post-test clearance report.
- (e) Out of the remaining 20% of the billed amount, 15% shall be paid after satisfactory feedback from schools on the quality of the bags, duly deducting the penalty (if any), testing charges, and other incidental charges.
- (f) The remaining 5% of the billed amount shall be paid after the completion of 6 months' warranty period.
- (g) All payments under this Contract shall be made to the Bank Accounts of the Successful tenderer.
- (h) The Corporation reserves the right to recover any dues from the Supplier, which is found on later date, during audit/excess payment, after final settlement is made to them. The tenderer is liable to pay such dues to the Corporation immediately on demand, without raising any dispute/protest.
- (i) The bill raised by the Successful Tenderer shall have all Registration Numbers (GST/TAN/CIN) printed on the Bill. The validity of the Tax Registration during the currency period of the Contract shall be the sole responsibility of the Successful Tenderer.

19. PENALTY

- (a) If the successful tenderer fails to deliver 50% of the ordered quantity within the due date specified in Schedule of Supply [Clause 11 (a)], the Corporation shall have the right to impose penalty of 1% of the value of the delayed supply with applicable GST (which includes the date of replacement of defective school bags) for every week of delay or part thereof after the due date of delivery for a period of Two weeks and thereafter at the rate of 3% of the value of the delayed supply with applicable GST for each Week of delay or part till completion. Maximum penalty shall be limited to 10% of the total contract value.
- (b) The Corporation reserves the right to purchase the unsupplied quantity arising due to cancellation/termination, from the open market. The consequential loss sustained by the Corporation to this effect shall be deducted from the bill of the Supplier and / or from the Security Deposit without prior intimation.
- (c) In respect of replacement of school bags, the date of replacement will be taken as actual date of supply. In such cases, the ordered quantity of school bags for that location where the replacement was made will be taken for calculation of delay penalty. Total number of days for delay penalty will be reckoned as under:
 - (i) No. of days for delay penalty as per Clause 19 (a)
 - (ii) No. of days from the date of intimation of rejection to the date of delivery of fresh supply for the rejected quantity
 - (iii) Total number of days for delay penalty = (i) + (ii)
- (d) If the School Bags supplied are found to be inferior in quality with respect to pre-approved specifications, there shall be replacement of the entire lot and/or a fine up to 10% of the defective lot.

20. LIQUIDATED DAMAGES

- (a) The successful tenderer shall not manufacture, market, sell or supply the School bags manufactured, packed and labelled as per the Technical specifications in the Tender Document exclusively for distribution among the School Children studying in Government and Aided schools in Tamil Nadu. The Corporation shall impose penalty of not less than ₹ 5,00,000/- (Rupees Five Lakh Only) every time for violation of the aforesaid condition. The penalty shall be in addition to the Civil and Criminal action taken by the Corporation against such successful tenderer(s) in default.
- (b) The Corporation shall have the right to blacklist such successful tenderer(s) from participating in the subsequent Tenders of the Corporation for a minimum period of five years.

21. CORRUPT AND FRAUDULENT PRACTICES

- (a) The Tenderers shall observe the highest standard of ethics during tender evaluation and supply of school bags. In order to eliminate irregularities, interference and corrupt practices in tender process by providing transparency in such matters, the Corporation defines the following terms:
 - (i) 'Corrupt practice' means offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the evaluation process or in contract execution.
 - (ii) 'Fraudulent practices' mean a misrepresentation of facts in order to influence the evaluation process or execution of a contract / supply to the detriment of the Corporation and includes collusive practice among tenderers (prior to or after Tender submission) designed to establish bid prices at artificial, non-competitive levels and to deprive the Corporation of the benefits of free and open competition.
- (b) The Corporation will reject a tender if it decides that the Tenderer recommended for the award has engaged in corrupt or fraudulent practices in competing for the tender.
- (c) The Corporation will declare a tenderer ineligible either indefinitely or for a stated period of time to be awarded a contract, if it any time determines that the tenderer has engaged in corrupt and fraudulent practices in competing for the tender or in executing the contract.

22. TERMINATION OF CONTRACT

The Corporation reserves the right to terminate the contract at any time during the validity period on account of non-fulfilment of contract or any of the reasons.

(a) Termination for Default:

- (i) If the delay continues even after 50% of the original supply period, the contract is liable to be terminated at the discretion of the Corporation.
- (ii) If the Successful Tenderer is found to have involved in fraudulent, corrupt and unfair practices in competing for or in executing the Contract;
- (iii) If the Corporation terminates the Contract in whole or in part, the Corporation may procure, upon such terms and in such manner as it deems appropriate, the school bags similar to those supplied and delivered and in that case, the Successful Tenderer whose contract is terminated in whole or in part shall be liable to the Corporation for any additional costs involved in

procuring and supplying the school bags to the designated destinations. However, the Successful Tenderer shall continue the performance of the Contract to the extent not terminated. The Corporation reserves the right to take further action against the Successful Tenderer whose Contract has been terminated in whole or in part.

(b) Termination for Insolvency:

- (i) The Corporation may at any time terminate the Contract by giving 15 days' written notice to the Successful Tenderer without compensation to the Successful Tenderer and without incurring any liability if the Successful Tenderer becomes bankrupt or otherwise insolvent. Such termination shall not prejudice or affect any right of action or remedy that has accrued or will accrue thereafter to the Corporation.

(c) Termination for Convenience:

- (i) The Corporation may terminate the Contract in whole or in part at any time during the validity period of the Contract for its convenience by giving 15 days' written notice and without compensation to the Successful Tenderer. The notice of termination shall specify that termination is for the Corporation's convenience, the extent to which the Contract is terminated, and the date upon which such termination becomes effective. The termination of the contract is without prejudice to the penal consequences and damages for which the Successful Tenderer shall be liable for violation of the Contractual obligations.

23. BLACKLISTING

- (a) If the tenderer has submitted forged documents in this tender or if any information provided by the tenderer is found to be false/fictitious in any tender of the Government, the tenderer will be blacklisted for a period of 5 years.
- (b) If the successful tenderer fails to execute the Agreement or fails to remit the security deposit within the specified time limit, the Corporation will blacklist the tenderer for a maximum period of 3 years in addition to forfeiture of EMD.
- (c) In the event of non-performance of the contractual provisions or failure to effect the supply within the stipulated time or during the extended period, and if it is found that the contractor has not fulfilled the contractual obligation with the Corporation in any manner during the currency of the contract or also found on later date, the Corporation reserves the right to disqualify such successful tenderer to participate in future tenders or blacklist the tenderer up to a maximum period of 5 years.

- (d) Termination / full or partial cancellation of the supply of school bags to the Corporation will entail blacklisting of the Supplier for a maximum period of 3 years.
- (e) If more than 10 samples / 10% of the ordered quantity (whichever is higher) fail in the tests, in addition to imposing penalty, the Supplier will be blacklisted for the forthcoming 1 (one) year.
- (f) If the successful tenderer is found to have involved in fraudulent, corrupt and unfair practices in competing for or in executing the contract the Corporation will blacklist the tenderer for a period of 5 years.
- (g) The Corporation shall have the right to blacklist the Suppliers who are levied liquidated damages as per Clause 20, for a period of 5 years.
- (h) The Corporation shall have the right to blacklist the successful tenderer for breach of any Terms and Conditions of the Tender / Agreement at any point of time.

24. FORCE MAJEURE

- (a) Force Majeure means an event beyond the control of the successful tenderer and not involving the successful tenderer's fault of negligence and not foreseeable. Such event may include but are not limited to the acts of Nature such as fire, floods, epidemics, etc. and other events such as wars, revolutions, quarantine restrictions, etc.
- (b) If a Force Majeure situation arises, the successful tenderer shall promptly notify the Corporation of such conditions and the causes thereof through e-mail within 24 hours of such event. The e-mail communication shall be followed by a report with documentary evidence to be sent to the Corporation within 3 days from the date of occurrence of such event. Unless otherwise directed by the Corporation in writing, the successful tenderer shall continue to perform his obligations under the Contract to a reasonably practical extent and shall seek all reasonable alternative means for effective performance of the Contract in time.
- (c) In the event of Force Majeure, the delivery period will be extended for a period equivalent to the period during which Force Majeure event was in existence. For this period the successful tenderer shall not be liable to pay penalty. Further if the performance in whole or part, of any obligation under this Contract is prevented or delayed by reason of Force Majeure for a period exceeding 21 days, the Corporation may at its option and discretion terminate the Contract.

25. GENERAL CONDITIONS

- (a) Conditional tender in any form will not be accepted.

- (b) Corporation reserves the right to relax or waive or amend any of the tender conditions.
- (c) The right of final acceptance of the tender is entirely vested with the Corporation and Corporation reserves the right to accept or reject any or all the tenderers in part or in totality or to negotiate with any or all the tenderers or to withdraw/ cancel/ modify this tender without assigning any reason whatsoever.
- (d) The successful tenderer shall not offload either full or part of the work to other tenderer.
- (e) Any notice regarding any problems, to the tenderer shall deemed to be sufficiently served, if given in writing by email and / or communication sent to his usual or last known place of business.
- (f) If any discrepancy was found in the tenderer's documents provided in support of qualification criteria at a later date, the Corporation has the right to cancel the order and forfeit the EMD and Security Deposit of the tenderer.

26. DISPUTE RESOLUTION BOARD

A Dispute Resolution Board (DRB) shall be formed in order to resolve the disputes that may arise during the currency of the contract. The members of the DRB shall be nominated by the Corporation and the successful tenderer. If any party is not satisfied with the decision of the DRB, the issue shall be referred for Arbitration.

27. ARBITRATION

- (a) The issues not resolved by DRB shall be referred for Arbitration and same shall be dealt in accordance with the Indian Arbitration and Conciliation Act, 1996 and Rules of Indian Council of Arbitration. The Arbitrator shall be selected by the successful tenderer from the panel of Arbitrators approved by the Corporation within 15 days from the date of receipt of the letter from the Corporation along with the panel. If there is no reply from the tenderer within 15 days, the Corporation shall choose any of the Arbitrators from the panel of Arbitrators referred to above. The remuneration for the Arbitrator and other expenses shall be shared equally by the Corporation and the tenderer.
- (b) The venue of the Arbitration shall be at the Head office of the Corporation in Chennai. The decision of the Arbitrator shall be final and binding on both the parties to the Arbitration. The language of the arbitration proceedings shall be in English.
- (c) The Arbitrator may with the mutual consent of the parties, extend the time for making the award. The award to be passed by the Arbitrator is enforceable in the Court at Chennai city only.

28. JURISDICTION OF THE COURT

- (a) The courts in the city of Chennai exclusively shall have the jurisdiction to try any matter or dispute or reference between the Corporation and the Successful Tenderers arising out of the Contract.
- (b) The Successful Tenderer is required to submit an undertaking towards jurisdiction of legal proceedings in the format enclosed in ANNEXURE - XXIII.

We agree to the above terms and conditions.

In witness whereof, Thiru. _____ on one part and Thiru. _____, _____ (Designation), M/s. _____ on the other part signed this agreement on the day, month and year first above.

Agreed by both the parties.

ANNEXURE - XXIII

UNDERTAKING TOWARDS JURISDICTION OF LEGAL PROCEEDINGS

This Deed of undertaking executed at _____ on this day, _____ 2022 by M/s. _____ (Name and address of Tenderer), represented by its _____, Shri/Smt _____ hereinafter called the “**TENDERER**” (Which expression where the context so admits mean include their Agents, Representatives, Successors-in-office and Assigns).

TO AND IN FAVOUR OF

TAMILNADU TEXTBOOK AND EDUCATIONAL SERVICES CORPORATION, EVK Sampath Maaligai, DPI Campus, 68, College Road, Chennai - 600 006, hereinafter called the “**TNTB&ESC**” (Which expression shall where the context so admits mean and include the successors-in-office and assigns).

WHEREAS the **TNTB&ESC** has called for acceptance of jurisdiction of legal proceedings.

NOW THIS UNDERTAKING WITNESSETH that no suit or any proceedings in this regard in any matter arising in any respect under this contract shall be instituted in any court, save in appropriate Civil Court of Chennai or the Court of Small causes, Chennai. It is agreed that no other court shall have the jurisdiction to entertain any suit or proceedings, even though, part of the cause of action might arise within their jurisdiction. In case, any part of cause of action might arise within the jurisdiction of any of the courts in Tamil Nadu and not in the courts in Chennai City, then it is agreed between parties that such suits or proceedings shall be instituted in court within Tamil Nadu and no other court outside Tamil Nadu shall have jurisdiction, even though any part of the cause of action might arise within the jurisdiction of such courts.

IN WITNESS WHEREOF acting for _____ (Name of Tenderer) and on behalf of the **TENDERER** has signed this deed in the day, month and year hereinbefore first mentioned.
